EXPLAINING THE AFFAIRS OF THE MANHATTAN

ATHLETIC OLUB-NO SUITS BY CREDITORS. A published article yesterday relating to the Man hattan Athletic Club has aroused great indignation in the Cherry Diamond organization. The members yesterday said that the article contained many false statements, misleading in their character and tending

President George W. Carr said at the clubhouse last right:

I do not believe Mr. Storm ever stated that all the members of the club were responsible for its debts, for the reason that it is not the fact or the law. The club was incorporated on April 1, 1878, under Chapter 207 of the Laws of 1875, and none of the members are responsible for any of the debts of the club, except that the Board of Governors under certain conditions are personally responsible for the debts. The story of Park & Tilford is only the repetition of a similar statement which appeared in "The sunday Mercury" a week ago last Sunday, and which is effectually disposed of by a letter of denial sent to me by Park & Tilford. There is no suit pending against the club for house bills, except a disputed printer's bill. No milkman, baker or candlestick-maker has brought suit against the club and the club owes no milkman \$5,000. No firms having bills against the club have threatened suit. There is no \$50,000 first mortgage on the property. There is no second mortgage for \$250,000 heid by banks as cellateral to no essisued for current expenses. It is not true that 180 members resigned from the club last month, or any month, because of the club's financial entanglements. The average number of resignations each month in the last year has not been 100 or anything like it. No 100 members were posted on the official bulletin as behind in their dues; members are never posted for non-payment of dues.

The profits from the bar were over \$15,000, instead of \$14,000, and that sum was net profits. The bar made a gross profit of 45 per cent and a net profit of 33 1-3 per cent.

Henry W. Cannon, appointed as one of the committee of five, never served, partly because of want of time, and is in no way responsible for any of the statements made in the report of the committee vas simply received, not in any respect adopted or approved by the meeting to which it was presented, but was laid over to be acted upon at a meeting to be held Jannary 30. Whatever the committee

has been necessarily expended and fully warranted by the situation.

Whatever further comments the committee of four may have seen fit to make are of no significance until they are approved or confirmed by the club members at the meeting referred to. At present they are inconsequential from a club point of view.

If it were information proper for the public to have, a detailed statement of the club's finances could be made which would convince every one that while the club has a floating debt of some size, there is no ground for apprehension, but that all the creditors will receive their full amount due them in due season, and that the club will successfully bear up under the attacks which have from time to time been made against its financial condition.

dition.

It may, however, with propriety be added that the club's property is on a fair valuation worth a million of dollars, having cost over \$500,000, and that its mortgage indebtedness consists of one first mortgage of \$250,000 and one second mortgage of \$250,000; and that upon a fair statement of assets and liabilities has an excess of assets amounting to at lenst \$250,000.

A sufficient guarantee of the club's ability to stand up against these attacks made ngainst it and to take care of any indebtedness that it has may be found in its large membership. It has an aggregate membership of over 3,400, of which over 2,600 are active members and over 050 are non-resident members.

NEW POLICE CAPTAINS APPOINTED.

SERGEANTS DEVERY AND STRAUSS GET THE COVETED PLACES.

Police Commissioners yesterday promoted ceants William S. Devery and William Strauss to be captains of the force. Mr. McClave moved the ap-pointment of Strauss and Mr. Martin moved the ap-pointment of Devery. Mr. Voorhis was not ready to name a sergeant for promotion and the third vacancy in the list of captains was not filled. Captain Straus was placed in command of the Madison-st. squad, which had been in charge of Sergeant Fitzgerald since the retirement of Captain Garland. Captain Devery was allowed to stay in the East Thirty-fifth-st, squad, where he had performed duty as a sergeant lately. Captain Hyan was moved from that squad to the Mercer-st. squad, displacing Captain Brogan, who was sent to the Eroadway squad. The change was not a promotion for either captain, but it was said that no punishment was meant by the transfer in either case. Captain Smith, of the Broadway squad, was transferred temporarily to the Central Office, with the intention of hav-ing him organize the new Twenty-fourth Precinct, a station for which has been completed lately in West Sixty-eighth-st., near the Boulevard. The Commissloners fixed the boundaries of the new precinct as Fifty-ninth-st., Eighth-ave., Eighty-fourth-st., and the t of the precinct will be regarded as a step upward for Captain Smith. The East Sixty-seventh-st, squad may be commanded by captain who is appointed on the motion of Com-

Captain Devery has had a fair record as a police-He was born in this city, in 1855, and was ducated in the public schools. His occupation was that of a clerk before he was appointed a policeman on June 19, 1878. In September, 1881, he was made a roundsman and he was promoted to the rank of sergeant on May 28, 1884. Since then he served in the Twentieth, Thirteenth, Sixteenth and Twenty-first precincts. He is a Tammany Democrat.

Captain Strauss was born in Germany, of Hebrew parents, in 1845, and he came to this city when he was fifteen years old. Until February 27, 1873, when he became a policeman, he was employed as a butcher's On August 12, 1873, he was made a roundsman. His promotion to the rank of sergeant was on man. His promotion to the rank of sergeant was on May 13, 1885. Since then his service has been in the Thirteenth, Twelfth and seventeenth precincts, and in the Harbor squad. He is said to have been a Republican, though never active in politics. No other hebrew ever attained such high rank in the Police Department. His record as an officer has been excellent. There are now nine vacancies in the list of police sergeants and the Commissioners may fill some of them next week, as they called for an eligible list of roundsmen yesterday.

The original voucher was offered in evidence "I paid the October account in person," said Colonel.Smith, and on the same morning the collector of the Lincoln National lank presented another, about an hoar later, but I returned this unpaid, having already received a none from Mr. O'kelly, of the firm of P. M. Fisk & Co. who had indersed the account to the bank, saying that the voucher had been sent out by an error of a clerk in the bank." On cross-examination Mr. Lewisends avored to show that Kelly had told witness that the indebtedness had been already paid. It was further admitted by Colonel Smith that he understood that Lord & Taylor had been paid on September 10 and W. F. Brittain on September 16.

HE ISSUED TOO MANY BILLIS OF SALE.

Ahraham Zock, a grocer, of No. 214 Eldridge-st., has got himself into a peck of trouble. He sold his place of business to three different parties. He first sold it to his sweetheart, Sarah Glaser, of No. 208 Eldridge of. Then, on December 1 last, he sold it to Louis Gewritz, of No. 111 Division-st., for \$100, and yesterday he sold it for the third time to Joseph Goldenberg, at No. 20 Delancey-st., for \$240. The last purchaser took posession on Tuesday. He was there about an hour when Gewritz entered and claimed the store as his property. He showed a bill of sale. Goldenberg also broug his bill of sale. Then Miss Glaser appeared and claimed the store as her property. The result was that the three purchasers had a quarrel over the possession of the store. Zock was not to be found. Goldenberg seized Gewritz by the coat collar and attempted to eject cely. Cries of "Murder!" They struggled fie and "Police!" brought Officer Flay, of the Eleventh

Officer Flay heard the story of the two men who had been swindled. Just then Zock entered the store and was placed under arrest. Zock was arraigned before Justice Ryan at the Essex Market Police Court yesterday, and was held for examination.

SOME PROSPEROUS COMPANIES.

CORPORATIONS WHICH HAVE DONE WELL IN THE

YEAR NOW CLOSING. New-York has many great corporations which have extended their business widely in the year that is just closing. Among these is the Edison General Electric Company, which was formed nearly two years ago by the consolidation of the various Edison inter-It has lately removed into its handsome new building in Broad-st. By skilful management it has extended its electrical business until its ramifications reach to the farthest corners not only of the United States but of the civilized world. With a capital of \$15,000,000 it has been able to erect-and maintain the largest manufactory of electrical apparatus of all descriptions in the world, and it gives employment to considerably over 5,000 men at its various factories in Schenectady, New-York City, Harrison, N. J., and elsewhere. It has also carried the war into Canada, and it has already become the largest electrical manufacturing company of the Dominion. This is despite the fact that it has met with considerable opposition It is not ten years since the Edison interests were hardly a speck in the financial world, and their present large proportions are a fine tribute to American skill, energy and intelligence.

Wells, Fargo & Co. has also increased its business this year. In January last its branch offices nur bered 2,720, but now there are about 2,800 of them. In recognition of the share of its employes in the success of its transactions, a turkey and a quart of oysters was given on Thanksgiving and again on Christmas to every man off its pay rolls. The company was established in 1852, and it first did an express business by water between New-York and San Francisco. Afterward it spread its field of activity to the entire Pacific Coast. For a time it went no farther East land than Salt Lake City, but now it does business all over the world. In Mexico alone it has 100 offices H. B. Parsons is general agent of the express company here and assistant secretary in charge banking department in this city. His office is at No.

The Equitable Mortgage Company has its office in this city at No. 208 Broadway, but has also estab-lishments in Kansas City. Philadelphia. Boston, London and Berlin. Its officers are: President, Charles N. Fowler; vice-president, Charles Benjamin Wilkinson; auditor, F. M. Farwell; secretary and treasurer, B. P. Shawhan, and assistant secretary and treasurer, N. F. Thompson. It issues 6 per cent debentures secured Thompson. It issues 6 per cent debentures secured by bends and bank stocks with trustees and guaranteed by the capital and surplus of the company, now amounting to nearly \$3,000,000. The principle of averaging investments is adopted. That is, for instance, an issue of 100 defentures of \$1,000 each is secured by \$20,000 of commy Bonds, \$20,000 of some water bonds, and \$40,000 of two separate bank stocks. The total assets on made, were over \$14,000,000.

PORK REGULATIONS IN FRANCE.

"Le Courrier des Etats Unis," in its Paris correspondence, dated December 19, publishes the following important information in regard to the official regulations governing the importation of American alted ments into France:

"The law fixing the new customs duties on salted pork having been promulgated, the Government has just issued a decree abrogating the decrees of February 18, 1881, and December 28, 1883, by virtue of which the importation into France of salted pork from the United States of America was interdicted. ormity with that decree, those meats can be imported through the ports of Dunkirk, Havre, Bordeaux and Marseilles. Previous to the unloading of the merchandise, importers shall produce for each consignment a certificate from the inspector of the Department of Agriculture who was entrusted by the United States Government with the duty of watching over the establishment in which the animals were killed, and in which the ruent was packed. That certificate must state that said ments come from wholesome animals, in perfect health, and are entirely fit for consumption. Boxes containing those meats shall bear the stamp of the official inspector who has made the sanitary examination of those meats. Entrance to the territory of the Republic shall be dealed to any consignment not meeting the conditions todicated above.

meeting the conditions todicated above.

"After being landed, those meats shall be submitted to sanitary inspectors appointed by the Minister of Agriculture, the duty of which officers it shall be to satisfy themselves concerning the healthy condition and the complete salting of the meats. Any meat recognized as unfit for consumption shall be destroyed, in the presence of these sanitary inspectors. The House officers shall not grant free entrance into the territory of the Republic to the above mentioned meats, except upon the showing of the certificate of said inspectors, stating that the meats public consumption. The expenses of the inspection service shall be charged to the importers, at the rate of a tax determined by a decree issued upon the proposition of the Minister of Agriculture, in conformity with the advice of the Consultative Committee on Epizootics. This tax shall be paid at the office of the Custom House receiver."

TROUBLES OF BUGINESS MEN.

Deputy Sheriff Heimberger yesterday took charge of the factory of Hartman & Mendelsolm, cloak manufacturers at No. 568 Canal-st., on executions for \$4,928, obtained by Horwitz & Hershfield, for the following creditors: M. L. Stleglitz & Son, \$3,522; Abraham Steinam, \$739; Herman H. Kahn, \$667. firm is composed of Leopold Hartman and Lewis adelsolm. Henry Gottegren, attorney for the Mendelsolm. firm, said yesterday that the liabilities were between \$50,000 and \$60,000, but he could not at present state the assets until an inventory had been made.

The assignment of Kaughran & Co., dealers in drygoods, formerly at No. 809 Broadway, made on January , 1886, was yesterday set aside by Judge Traax, of the Supreme Court, on the application of Schwab Brothers, judgment creditors, on the ground that shortly before the failure one of the partners paid a debt of \$3,750 to his wife which was of a rersonal nature.

HE MAY COMMAND THE CONSTELLATION.

It was said at the Navy Yard yesterday that Commander Casper F. Oswald Ottendorfer's failure to support Tammany Hall nominations may result in his losing the city as his tenant for the second and third floors of the "Stants-Zeitung" Building. These floors have been occupied for years by the Department of Taxes and the Department of Law. The chiefs of these departments have reported that their quarters are too limited for the proper discharge of the public business, and yes terdny the Sinking Fund Commissioners authorized Controller Myers to look for a building better suited to necessities of the case. Mr. Ottendorfer's lease with the city will expire on May 1. In the mean-time, Mr. Myers may find more satisfactory quarters for the Tax and Corporation Counsel's offices.

A VOTE OF THANKS TO J. L. N. HUNT,

At the meeting of the Board of Education yesterday Commissioner Gerard gave notice that he would move an amendment to the by-laws at the next meeting, re-quiring all teachers of the public schools to be residents of this State. Just before the adjournment, Commissioner Muclay moved that a vote of thanks be extended to President Hunt for the efficient manner in which he to President Hunt for the emerent manner in which he had discharged the duties of his office and for the cour-tesy which he had shown to all members of the Board. The vote of thanks was subscribed to by all members of the Board, with the except on of Commissioner O'Brien.

MAKING HISTORY WITH A SPADE.

GROUND BROKEN IN THIS CITY FOR A NORTH RIVER BRIDGE.

The New-York and New-Jersey Bridge Company announced a few days ago that the construction of their great North River bridge would begin, on the New-York side, on property of the company at Nes. 307 and 309 West Sixty-seventh-st, at noon yesterday. Those who accepted the invitation found a flag-covered stand erected on the sidewalk facing the property, which consists of a stable yard, surrounded by unsavory and tumble-down frame shanties. On the stand was a luxuriant jungle of Bridge Commissioners. At noon precisely Andrew H. Green walked down into the stable-yard with a firm tread, drove the chickens from his path and, amid the enthusiasm of a multitude of mixed characters of the river front, thrust a spade into the earth, and "a new epoch in the history of this great Nation," as George W. Greene said afterward in a speech, had been begun. To the naked, non-stockholding eye, the epoch was merely a shallow hole in extremely nasty ground. A surveyor's pole was then planted in the "epoch," and the rooster with his dilapidated hens surrounded it immediately. The treasurer of the company was found watching the hole with a father's pride, which, however, gave way to indignation when some one told him that it had been said that no title deeds for either the Guttenberg property, where the New Jersey hole was dug last week, or the New-York property, could be found. He said: Do you think we want to have our titles appear right away! You just wait. I tell you it's all right. Yes, of course, this is our property. When will we begin to build? We expect to have workmen begin on the pier here next week."

After the ground had been turned, the seed, so to speak, was sowed in the shape of many speeches, which were received with attention by the crowd of dock laborers and loiterers, who didn't know what it was all Andrew H. Green, of course, uttered appr priate remarks when he made history with the spade. Then ex-Governor Rodman M. Price, of New-Jersey. made the address of the day. Charles H. Swan also said a few words; among other remarks he said that the chief engineer, Thomas C. Clarke, had informed him that the bridge could be built in three years. A letter from Governor Abtett, of New-Jersey, was read, in which he regretted his inability, etc. George W. Greene gave a history of the legislation for the bridge. In the language of the programme, other "imminent" speakers followed.

Of the officers of the company, there were present Andrew H. Green, George W. Greene, Henry M. Haar, president; James T. Sparkman, vice-president; William Forsfer, treasurer, and Frederick F. Culver, secretary of the New-Jersey Bridge Company; Wetmore Cryder and Charles W. Swan, of the New-York Bridge Com-

tion of Colonel Frank K. Hain. Those for the State of New-York were Charles M. Vail, Evan Thomas, Isidor Straus, Joseph H. Swan; and those for New-Jersey were Allen T. McDermott, Henry G. Hering, Frederic F. Culver, William Forster, John Y. Dater, Thomas B. Decker, Delos E. Culver, John Goldthrop, R. Floyd Clarke, John Hopper, James T. Sparkman, William D. Edwards, John Hopper, James T. Sparkman, William D. Edwards, Cornellus Lydecker and the other officers already mentioned. Some of the invited guests on the grand-stand were B. W. Spencer, R. Floyd Clarke, William D. Edwards, W. G. Bumstead, John C. De la Vergne, Dr. E. P. Fowler, E. C. Schaefer, Dr. E. Wettengel, Dr. Louis Arcularius, Charles C. Clausen, William H. Glman, George P. Hotaling, William H. Klenke, J. D. Sparkman, Jr., Charles Forster, John G. Borgstede, E. A. Liessner and General Schaefer.

HOW TO CURE LA GRIPPE.

Dr. Schenck's Mandrake Pills the first night, and after that a sufficient number to insure a daily and free action of the bowels. Reep this up for some time; and where chills and fevers are stubbern, quinne, in reasonable doses, can be used to advantage with the Phils. These Phils set your rorsed liver free, cleanse the stomach and bowels, and start up normal secretions. You've scored a big point.

Then, to slid digestion, crish the weakness and lassitude, drive off the feeling that you'd as leave die as live, and give tone and strength to your system, you must take a tablespoonful of

Schenck's Seaweed Tonic before and after meals. Already you begin to feel like a new person. But don't forset your lungs. Beware of the terrible tendency of La Grippe toward pneumonia: If you have chest pains or a cough, better settle the matter at once by a tablespoonful of

Schenck's Pulmonic Syrup taken three times a day, between meals-oftener, if the cough is troublesome. You can thus surround the very worst case of La Grippe and drive it into speedy surrender. And you'll do it right away if you are wisa. Ask your Druggist for the Dr. Schenck Romedies.
